

- New multipurpose dehumidifier: not only it removes humidity in excess, but also helps to dry up your clothes and contribute to clean the air you breath
- Transparent and removable water tank (capacity: 2.1 l.)
- Dry Clothes function
- Double filtration system: biosilver filter, in combination with ad hoc anti allergens filter
- Optimized to minimize noise emissions, making new DEX16F perfect also for bedroom use
- Electronic anti-frost device
- Continuous drainage hose provided
- Integrated handle to maximize appliance portability

DRY CLOTHES FUNCTION

Thanks to the dry clothes function, new DEX16F helps reducing clothes drying times

MINIMUM NOISE EMISSIONS

Its extremely low noise level, obtained without compromises on dehumidifying effectiveness, makes new DEX16F perfect also for bedroom use

AIR FILTRATION SYSTEM

Designed with the aim of improving overall air quality, new DEX16F is equipped with a biosilver filter, that can be used in combination with an anti allergens filter – for great effectiveness also in allergy peak season

BREAKTHROUGH FUNCTIONAL DESIGN

Control panel integrated directly in the machine body, to maximize ease of use. Ultimate portability finds its expression in the new handle, integrated directly into the product body

TECHNICAL DATA	DEX16F
Voltage/Frequency	230/50
Dehumidifying capacity	16lt/24h
Tank capacity	2.1 lt
Input power	210W
Pressure Noise level	39dB(A)
Working temperature	2-30
Electronic anti-freeze	Yes
Continuous drainage	Yes
Biosilver filter	Yes
Anti-allergens filter	Yes
